NURSERIES/VIVEIROS

Inclusion in this list does not imply a recommendation by MGAP, all nurseries listed have been recommended by individual members or regularly attend our Garden Fairs. Please send any comments about goods and services received. We are always looking for recommended plant nurseries, please send information on good nurseries to mgapsec@gmail.com

Note: generally, if a telephone number is shown, it means that visitors are welcome – ***always*** ring first. Many of these contacts are small specialist nurseries run from home as family businesses.

Who are we ?

We are a group of people who have an interest in Mediterranean horticulture - gardens, landscapes, vegetable gardens and plants. We are also part of wider network of likeminded people from around the world
www.mediterraneangardeninginternational.org

What can you do?

Promote and share knowledge and interest in Mediterranean plants and gardening, particularly in climates relevant to the topic. This includes aspects of education and research with environmentally friendly ethics as a major objective.

Attend events - these include garden visits, tours, educational visits, demonstrations, lectures and social events.

Promote a friendly, sociable relationship between our members and other groups with the same interests.
